'RE-BALANCE' RETREAT  
SRI LANKA | 4-10th MARCH 2027

---

Re-connect to a place of balance on our private jungle estate, designed for tranquility and wellbeing. Our boutique sanctuary is in southern Sri Lanka, close to Galle city and nestled on beautiful Koggala Lake's shore, surrounded by lush greenery.

This retreat offers a nurturing journey to slow down and recalibrate body and mind in harmony and alignment with nature. Expect morning meditation and dynamic yoga and Pilates, evening restorative yoga, bespoke Ayurvedic consultations and treatments, alongside rich local immersion in wildlife and culture.

## THE LOCATION

---

Commissioned to the award-winning Shanghai-based architects A00, each suite is designed to cultivate a sense of deep intimacy with the surrounding environment, offering uninterrupted views over the serene expanse of Koggala Lake—Sri Lanka's largest and most scenic inland body of water.

Scattered across the undulating landscape are three distinct clusters of accommodations. The Tree Houses gently hover over the hillside, floating above the treetops and offering panoramic lake views. The Cottages honor Sri Lanka's vernacular architecture, merging traditional forms with modern minimalism, and the Garden Suites cascade down the gentle slopes with understated elegance.

Surrounded by lush jungle and cinnamon plantations, but just a 10-minute tuk tuk ride away lie the golden South coast beaches, well-known for their surf culture and laid-back local charm. This southern province is steeped in culture, from stilt fishermen balancing on the waves to nearby Buddhist temples where ancient rituals are still practiced daily.

Celebrated by Condé Nast Traveller, National Geographic, and The New York Times, our Retreat is more than a destination—it is a curated experience of Sri Lanka's natural beauty, warm hospitality, and timeless cultural heritage.

## THE PRACTICES

---

Your teachers are Laura Dodd and Bethany Watts. Laura is an experienced Yoga and Meditation teacher and 'The Yoga Class' Founder, with hundreds of hours training, learning and teaching experience, Laura has been practicing yoga and meditation daily for 10 years, and runs global retreats. Bethany is a seriously talented and super experienced Pilates, Barre, Yoga teacher, PT, 'The Yoga Class' favourite, and head trainer at some of the top London studios.

Laura and Bethany's teaching is a blend of mindfulness, strength, and flexibility, emphasising the importance of connecting breath with movement, and prioritising movement that works with you and your body rather than working against it, to create strength, tone and mobility. Their classes are not just workouts; they are holistic experiences designed to nurture body and mind.

Your dynamic morning Yoga or Yoga x Pilates session will strengthen, stabilise, sweat, energise and connect. Your evening Yoga session will slow down and take you back to centre and into deep relaxation with slow flow, restorative, and Yin Yoga, including Meditative and Breath-work elements. A perfect equilibrium of movement and stillness to find harmony for the body and mind.

We will also welcome a guest Sound Meditation Practitioner to immerse yourself in a journey of healing vibrations, gently aligning mind, body, and spirit. All levels welcome.

## THE AYURVEDA

---

Rooted in the ancient Indian system of natural healing, Ayurveda—meaning “the science of life”—guides the wellness philosophy at Kurulu Bay. This holistic approach views health as a dynamic balance between body, mind, and spirit, offering deeply personalised care for sustainable wellbeing.

Your spa experience will begin with an Ayurvedic consultation to understand your unique constitution (Dosha) followed by a bespoke treatment advice. This personalised one-hour signature Ayurvedic therapy is included in your retreat, with access to a full menu of healing rituals available at exclusive guest rates.

Treatments detoxify the body, soothe the mind, ease tension, support digestion, and promote overall well-being—not just treating symptoms but nurturing balance at every level. Delivered by world-class therapists, hand-picked for their mastery in blending the intuitive depth of Eastern wellness with the effectiveness of Western science.

## THE ROOMS

---

Choose from beautifully designed cottages, treehouses, garden suites, or villas—each designed for soulful connection to the lake and forest.

All rooms feat views of the lake, forest, or pools, ensuite bathroom, outdoor seating areas, air conditioning, overhead fan, high-speed WiFi, kettle with tea facilities, safety deposit box, universal electrical socket, shampoo, conditioner and body wash, turndown and room service.

## THE FOOD

---

Food is a part of wellbeing and Ayurveda—a celebration of nourishment, nature, and culture. All meals are thoughtfully prepared in The Kitchen- an open, lake-facing culinary space.

Enjoy meals crafted using locally sourced, seasonal produce, freshly caught seafood, and organic ingredients. Inspired by a sea-to-table philosophy, created with intention, and infused with the unique character of the chefs.

Breakfast includes fresh coffee, tea, fresh coconut water, fresh fruits and nuts, breakfast smoothies, porridge with fresh fruit and nuts, with sourdough toast with avocado and eggs of your choice.

Energy balls, nuts and fresh fruit, are served as afternoon snacks and herbal teas and smoothies are available throughout the day to keep you nourished and hydrated.

Expect vibrant, flavourful 3-course dinners that highlight the best of Sri Lankan cuisine—from aromatic curries and sambols to tropical fruits and fresh coastal fare—alongside light, wholesome options tailored to your wellness journey.

All dietary preferences and requirements are warmly accommodated with care and creativity.
